

January is School Board Member Recognition Month

School boards...

- Are in charge of making policy, setting goals, maintaining buildings and overseeing million-dollar budgets.
- Work to be sure our children get a first rate education in a safe, caring environment.
- Give countless hours to make our community strong.

**Take time in
January to thank our
school board members
for a job well done.**

School Board Member Recognition Month

January 2020

School board members chart the course for student success by working to provide a first rate education for all children.

Take time in January to thank your school board members for a job well done.
