# Current Mathematics Textbook Review Form

- Several Mathematics Textbook Review Forms were reviewed prior to the textbook adoption process.
- It was determined that the previous mathematics scoring tool was a strong instrument that captured valuable information.
- In order to meet the needs of the 2020 mathematics textbook review process, the previous tool was revised to reflect the following:
  - Student Mathematical Practices, also referred to as Standards for Mathematical Practice
  - Current Mathematics Course of Study Standards
  - Additional Criteria and Indicators (Content, Technology, Assessment, Instruction)
