A Word About LEADERSHIP...

A Word About LEADERSHIP...

"The climate of the district is what its leaders model and tolerate."

"If the team is snipping at each other, can't get along, and don't show respect for one another...that trickles down into the entire district. **The good news is the OPPOSITE is also true too!**"

A Word About LEADERSHIP...

We teach **WHAT** we know.

We reproduce **WHO** we are.
