Don't miss the opportunity to nominate an outstanding school board member for AASB's All-State School Board Member Recognition Program.

Now in its 23rd year, the All-State recognition honors up to five past or present school board members who have exhibited exemplary boardmanship. We encourage you to nominate a worthy individual from your school board or a member of any other Alabama school board.

Remember, it is an honor to be nominated. If your board previously has nominated a member who was not selected, consider nominating that person again.

The nomination form and guidelines are attached. Note that nominations require majority approval of the board.

Nominations must be received by **September 7, 2018**. Please contact AASB Leadership Development Director Susan Salter (334-277-9700 or SSalter@AlabamaSchoolBoards.org) if you have any questions.

AASB appreciates your continued support of our All-State School Board Member Recognition Program, and we look forward to your involvement this year.
