August 5, 2022

District 1 Board Members,

It has been my pleasure to serve out the remainder of my predecessor's unfinished term as AASB District 1 Director. The experience of being more involved in our District 1 activities and with AASB in general has been very rewarding.

I have now been nominated to serve in that same capacity for a full 2-year term. If elected, I will continue to work in support of the members of District 1. I sincerely appreciate any consideration you may give to my candidacy for this position.

As president of the Brewton City Board of Education, I can relate to both the many joys and the occasional discomforts that board members endure. As school board members, you each make it possible for local citizens to participate in the education of our children. You contribute selflessly to the success of your schools and you are deserving of being recognized and honored. Thank you for the service you provide in each of your respective districts.

Sincerely,

Ann Peach
President
Brewton City Board of Education
